

OR-LC1500W

Fiber Laser Cleaning Machine

Head model and weight	SUP22C 0.7KG
Laser wavelength	1064±10NM
Output power stability	±2%
Total power	≤7.5KW
Working environment temperature range	10-40°C
Collimation model	D16*5 F50mm
Focus Model	D20 F400 /D20 F800mm
Spot adjustment range	Line 0-300mm
Cleaning speed	8-40m ² /h
Packing size	1200*760*1100mm
Weight	210KG
Voltage and frequency	220V single phase 50HZ
Protection air pressure	≤10bar
Protective Air	Nitrogen/Air
Length of fiber	10m
Cleaning surface requirements	Floating rust, paint, rust
